

# Food Stations

## Attention Exhibitors:

Several food stations will be set around the trade show hall this year. VSAE's Trade Show Committee is trying this to get the attendees to circulate among booths and not sit at the lunch tables. There will be over 30 high-boy tables scattered about the hall for attendees to stop, eat and network.

Food stations include: Soup, Salad, Sandwiches, Pasta, Dessert and Beverages.  
(All can be eaten using only one utensil.)

VSAE wanted you to be aware of this new avenue so that you could make an informed choice regarding the theme or activities in your booth.

You may still bring approved food items  
(see 6 - Helium Balloon & Food-Beverage policies.doc in this packet for more details).

See revised floor plan on reverse.  
Call Tracie with questions at 804-747-4971.
